

2003 REDISTRIBUTION OF FUNDS FROM COMPLETED OR CANCELED PROJECTS

As a result of the Regional Council's project tracking system, \$12.1 million of federal funds became available for redistribution to projects in the region. A comprehensive review was undertaken of all projects awarded funds through the Regional Council from 1992 to 2002. Funds remaining from projects that were completed or canceled were then used for this redistribution. Projects receiving these funds had to be able to use the funds within six months, and the funds had to either advance the projects to completion or keep the projects moving to a critical next phase. All of the projects listed below have met this criteria.

REGIONAL COMPETITION

Project Sponsor	Project Title	Source of Funds	Funds Awarded
