YOUR INPUT IS NEEDED

The region has some tough choices to make to get from four broad alternatives to a single vision that reflects our shared values and aspirations. Participants in the review process are asked to comment on the growth alternative that appears to best meet the needs of the region. You are welcome to mix and match portions of the alternatives that have been included in the Draft Environmental Impact Statement to form a hybrid that represents an alternative you prefer.

PLEASE CONSIDER COMMENTING ON THE FOLLOWING SUBJECT AREAS:

1. The environmental baseline (see Chapter 2)
2. The growth distribution alternatives — including ideas for a Preferred Growth Alternative (see Chapter 4)
3. Environmental justice (see Chapter 6)
4. Discussion of multicounty planning policies (see Chapter 7)
