*Since the City of Tacoma's Puyallup Bridge Replacement Project is not fully funded with this recommendation for PSRC funds, and there remains a funding gap for the construction phase of \$11.0 million, the City of Tacoma will report back to RPEC in June 2010 on the progress of their financial plan for this project. At that time, if the City has not been able to make substantial progress on obtaining the remaining funds needed for this project, RPEC will recommend to TPB either that the project is given more time to pursue the necessary funding or that the PSRC funds be returned and applied to the approved regional contingency list.
