

## PSRC Coordinated Grant Program, 2010 Application Instructions

These are the application instructions for PSRC's Coordinated Grant program, 2010–2011. This is for FTA JARC and New Freedom funds in the Seattle-Tacoma-Everett Urbanized area and regional ranking for WSDOT's Consolidated Grant Program.

*Please note that even if you are intending to apply only to WSDOT, you must submit the application to PSRC on PSRC's grant program schedule so that the project is ranked in PSRC's regional process. You will still need to submit this application to WSDOT, but the ranking by PSRC is required. You must also follow WSDOT's submission instructions and deadline.*
