Total Federal Funds				\$2,000,000	

Conditions of Awards:

* Enumclaw is awarded \$642,950 on the condition that a signed engineer's estimate for construction is provided by April 1, 2011 with a demonstration that sufficient additional funding is secured as may be necessary to complete construction when combined with this award. This award will be applied to the RTCC contingency list should Enumclaw be unable to meet this condition as scheduled.

** Eatonville is awarded \$80,000 for the design phase and \$320,000 for the Construction phase. The construction phase award is conditioned upon a signed Engineer's Estimate to be provided by April 1, 2011 with a demonstration that sufficient additional funding is secured as may be necessary to complete construction. The \$320,000 balance will be applied to the RTCC contingency list should Eatonville be unable to meet this condition as scheduled.

**Draft Recommendations for RTCC Contingency List
June 2010**
