I. Title VI Plan

There were no changes to PSRC’s Title VI Plan during FY11.

2. Organization, Staffing, Structure

Describe the Title VI Program reporting structure including the Title VI Liaisons, Title VI Coordinator, Executive Director, and support staff. For each person, provide the name, ethnicity, gender, title, and description of duties. Note any changes anticipated for the upcoming year.

PSRC Executive Director:
Bob Drewel, Caucasian, Male. Oversees the agency, reports to the Executive Board.

Title VI Coordinator:
Mark Gulbranson, Deputy Executive Director, Caucasian, Male. Helps oversee the agency, reports to the Executive Director, provides agency wide guidance on the Title VI program.

Public Involvement Liaison:
Michele Leslie Potter, Senior Communications Specialist and Public Involvement Coordinator, Caucasian, Female. Helps to coordinate communications and outreach, Title VI Annual Reporting.

Planning & Programming Liaison:
Vacancy in Data Director Position. Worked with Carol Naito, Asian American, Female, in data department for data collection for Title VI and the EJ Demographic Profile.

Environmental Affairs Liaison:
Norman Abbott, Director of Growth Management Planning, Caucasian, Male. Oversees the growth management department, is SEPA responsible official.

Consultant Contracts Liaison:
Diana Lauderbach, Chief Financial Officer, Caucasian, Female. Oversees accounting department, including consulting contracts and DBE program.

Education & Training Liaison:
Thu Le, Human Resources Manager, Asian American, Female. Oversees human resources, including education and training.
3. Complaints

No complaints were received

4. Planning: Accomplishment Report and Update

A. Monitoring and Review Process:

- Describe the planning activities that are performed by the Regional Council.

- Describe the actions taken to promote Title VI compliance regarding planning activities, including monitoring and review processes, and their outcomes or status.

VISION 2040 and Growth Management Planning

PSRC maintains and implements the region’s long-range growth management, environmental, economic and transportation strategy: VISION 2040. This includes working with PSRC members and other groups to ensure that adopted policies and strategies are consistently represented and addressed throughout the region and in all PSRC planning and project funding. To achieve VISION 2040’s Regional Growth Strategy and the multicounty planning policies, a series of implementation actions have been adopted. Many of the actions are directed at PSRC, while others address both countywide and local planning efforts. These include new plan review and certification procedures, the Regional Transfer of Development Rights Program, and reports on infrastructure funding and concurrency laws. Regional Growth Strategy updates include multiple public comment periods and opportunities for public engagement. The development of VISION 2040 included an Environmental Impact Statement with a specific chapter on Environmental Justice. The public involvement process for the plan development included EJ focus groups and a specific EJ outreach effort. Find out more on PSRC’s website at http://www.psrc.org/growth/vision2040.

Transportation 2040, the Regional Transportation Plan

Transportation 2040 is a plan for transportation in the central Puget Sound region for the next 30 years. By the year 2040, the region is expected to grow from a population of 3.7 million to 5 million people. All of these new people and new jobs are expected to boost demand for travel within and through the region by about 40%. Recognizing that some uncertainties exist regarding the economy, transportation funding, energy supply, technology and climate change, Transportation 2040 outlines a long-term template for how the region intends to invest in transportation to accommodate rising travel demand, while at the same time embracing the need to be flexible and responsive to the ways people—and the world—actually will change. Long–range plan updates include multiple public comment periods and opportunities for public engagement. The development of Transportation 2040 included an Environmental Impact Statement with a specific chapter on Environmental Justice. The public involvement process for the plan development included EJ focus groups and a specific EJ outreach effort. Find out more on PSRC’s website at http://psrc.org/transportation/t2040.

Regional Transportation Improvement Program and PSRC Funding

The Regional Transportation Improvement Program (TIP) provides a list of current transportation projects within King, Kitsap, Pierce, and Snohomish counties. These projects are funded with federal, state, or local funds including federal grants awarded and managed through the PSRC’s
project selection process for PSRC Funds. The TIP is required under federal and state legislation. It ensures that transportation projects are meeting regional transportation, growth and economic development goals and policies, as well as clean air and environmental justice requirements. A new TIP is created every two to three years, following the project selection process for PSRC’s federal funds. Each TIP also accepts minor amendments on a monthly basis. New TIPs undergo a public comment and review period prior to board approval and include an EJ analysis of projects. Find out more on PSRC’s website at http://www.psrc.org/transportation/tip.

Special Needs Transportation
The Coordinated Transit-Human Services Transportation Plan outlines how transit agencies, social service agencies, school districts, and other transportation providers can most efficiently and effectively work together to improve regional mobility for individuals with special transportation needs throughout King, Kitsap, Pierce, and Snohomish counties. The 2011-2014 Coordinated Transit Human Services Plan is used as the basis for selecting projects for PSRC’s Coordinated Grant Program for special needs transportation projects. This program funds eligible projects from Federal Transit Administration Job Access and Reverse Commute (JARC) and New Freedom programs and ranks projects applying to WSDOT’s Consolidated Grant Program. The Coordinated Transit Human Services Plan was developed with the special needs transportation community and underwent public review and comment as part of the Transportation 2040 development process. Projects selected for JARC or New Freedom funding undergo a public comment and review period prior to approval. Find out more on PSRC’s website at http://www.psrc.org/transportation/special-needs/.

Economic Development
PSRC is home to the federally designated regional Economic Development District (EDD) for the central Puget Sound region covering King, Kitsap, Pierce and Snohomish counties. Its members include representatives from private business, local governments, tribes and trade organizations. PSRC created the Prosperity Partnership, a coalition of over 300 government, business, labor and community organizations from King, Kitsap, Pierce, and Snohomish counties dedicated to developing and implementing a common economic strategy. The Regional Economic Strategy—which focuses our region’s economic development efforts on clusters and economic foundations—was based on a comprehensive analysis of the region’s economy and competitive advantages. Development of the Regional Economic Strategy included extensive public outreach, including work with the African American Partners for Prosperity, Minority Economic Development Working Group, and other specific EJ outreach such as meeting with the Hispanic and Chinese Chambers and El Centro de la Raza. More information is available at http://www.psrc.org/econdev.

Data Systems and Analysis
The Data Systems and Analysis department administers a data and research program in support of growth management, transportation and economic development planning in the central Puget Sound region. The department develops and maintains regional planning data sets and delivers technical assistance to PSRC member governments and organizations. The DSA team produces EJ data for the different planning departments and maintains the EJ Demographic Profile. Several data sets are available to the public on PSRC’s website at http://www.psrc.org/data.

B. Studies

- Were any studies conducted during the reporting period that provided data relative to minority persons, neighborhoods, income levels, physical environments, and/or travel habits?
• If so, what type of assistance was provided to ensure that Title VI considerations were included in planning the studies?

After major plan updates the previous fiscal year, PSRC did not conduct any new studies during FY11, but did publish a trend based on the new Census entitled Changes in Minority Population in the Puget Sound Region, 2000–2010, see http://www.psrc.org/assets/6085/d9may11.pdf.

As planned and reported in last year’s Title VI annual report, PSRC did begin developing a prioritization process for Transportation 2040 toward the end of FY11, which includes a fairness measure looking at equity, environmental justice and Title VI. This will be further reported on in FY12.

The planned Growing Transit Communities worked planned for FY11 did not kick off until FY 12 and will be reported on in the next annual report.

C. Draft TIPs

• Was a Draft Transportation Improvement Program (TIP) released for public comment during the reporting period?
• What efforts were made to notify the public of the draft TIP?
• How were public comments solicited (written comments, public hearings, etc.)?
• Was a public hearing held? If so, how many? What efforts were utilized to ensure broad citizen participation in the hearings?
• Provide a summary of Title VI related concerns and issues raised at the hearings, if any. Describe actions taken by the Title VI Liaison or Coordinator to facilitate and/or address the concerns that were raised.

The TIP was adopted during the previous fiscal year.

PSRC was able to fund several transportation projects periodically throughout FY11 due to higher than expected allocations and returned funds. These projects were selected from the contingency lists developed during the previous fiscal year’s project selection process. PSRC did release these projects for public comment and provide comments received to the board to inform decision making. Releasing these projects for public comment entailed a news release sent to the media, PSRC’s membership and agency mailing lists including EJ and Title VI representative organizations and media, and regular website updates.

One project in particular had significance to EJ and Title VI populations and that was PSRC’s funding for the South Park Bridge, see: http://www.psrc.org/about/news-releases/psrc-board-recommends-funding-for-the-south-park-bridge-project/.

News releases for other projects can be found here:
http://www.psrc.org/about/news-releases/psrc-seeking-public-comment/
http://www.psrc.org/about/news-releases/psrc-seeking-comment-on-25-transportation-projects-for-potential-funding/
D. Other Public Hearings

- Were any other public hearings held during the reporting period? If so, how many?
- What efforts were utilized to ensure citizen participation in the hearings?
- Were minorities and women, both individually and through their organizations, represented in the citizen participation effort? How many and in what capacity?

No public hearings were held during this time period.

E. Upcoming Year

- Describe plans for the upcoming year, including any significant problem areas to focus on and plans for approaching them.

In FY12, the Growing Transit Communities Partnership will kick off and include a significant Title VI/Environmental Justice/Equity component, the Prioritization Process for Transportation 2040 will make significant headway, and PSRC’s Public Participation Plan will be released for public comment.

5. Environmental Affairs: Accomplishment Report and Update

A. Monitoring and Review Process

- Describe the actions taken to promote Title VI compliance regarding environmental affairs, including monitoring and review processes, and their outcomes or status.

PSRC’s Environmental Impact Statements include a chapter analyzing the impacts of the planning effort on Title VI and Environmental Justice populations. The chapter is then shared with Title VI and EJ community representatives at focus group meetings.

PSRC follows SEPA for public input on Environmental Documentation.

B. Staff Responsible for Environmental Affairs

- Identify the titles, ethnicity, and gender of employees working on Environmental Affairs activities.
- Were there any staff vacancies for any of these positions during the reporting period?
- If there were staff vacancies, what efforts were made by the Title VI Liaison or Coordinator to increase the representation of minorities and women if they are under-represented in the Environmental Affairs staff?

Norman Abbott, Director of Growth Management Planning, Caucasian, Male. Oversaw the growth management department, is SEPA responsible official.

Sean Ardussi, Senior Planner, Caucasian, Male, Oversaw the Transportation 2040 Environmental Impact Statement.

No staff vacancies
C. Environmental Impact Statements (EIS)

- Were any EISs conducted during the reporting period? If so, how many?
- During the reporting period, was there a need to utilize bilingual advertisements, notices, announcements, etc.? If so, describe.
- Summarize comments provided on EISs where minority communities were adversely impacted.
- How many EIS public hearings were held during the reporting period?
- How were the hearings advertised, and was it adequate to provide notification to minorities?
- Provide a summary of Title VI related concerns and issues raised at the hearings, if any. Describe actions taken by the Title VI Liaison or Coordinator to facilitate and/or address the concerns raised.
- Were any Title VI related complaints filed as a result of the EIS?

There were no EIS’s or related actions in FY11.

D. Upcoming Year

- Describe plans for the upcoming year, including any significant problem areas to focus on and plans for approaching them.

An amendment to Transportation 2040 and SEPA addendum are planned for FY12.

A. Monitoring and Review Process

- Briefly describe the process for issuing RFPs and soliciting consultants.

After it is determined that an RFP(Q) needs to be issued we post the RFP(Q) on PSRC’s website and then proceed to advertise the release. This is done by sending an email to all registered consultants along with advertising in the local Business Journal, one minority newspaper and posting an ad on the States OMWBE website for Minority and Women owned businesses as well as uploading it to the Washington Electronic Business Solution (WEBS).

- Describe the actions taken to promote consultants’ compliance with Title VI, including monitoring and review processes, and their outcomes or status. (I.e. are Title VI requirements included in all contracts and consultant agreements; were contractors and consultants annually reviewed to ensure compliance; are Title VI issues explained to contractors and consultants?)

PSRC has Title VI requirements in all of our agreements and contracts and require any contractor to include those requirements in all sub-contracting opportunities. We also require consultants to fill out a Title VI review form and attach their policy regarding non-discrimination.
B. Consultant Contracts

- How many consultants have contracts with the Regional Council? For fiscal year 2011 we had 6 contracts.
- Dollar value of each contract?
  - Contract 2011-01: $17,500
  - Contract 2011-02: $167,881
  - Contract 2011-03: $176,234
  - Contract 2011-04: $199,700
  - Contract 2011-09: $200,000
  - Contract 2011-12: $75,000
- How many of these consultants are DBEs? 0
- What efforts were made to utilize DBE consultants? We post all RFP(Q)’s to the States Office of Minority and Women Owned Businesses website and to a minority paper as well as utilize the Washington Electronic Business Solution (WEBS).
- Is there currently a separate list maintained on DBE consultants based on the most current information from the Washington State Office of Minority and Women’s Business Enterprises Web site at www.omwbe.wa.gov? No.
- How is the list utilized to increase DBE participation in consultant contracts? The list itself is not currently used however as stated opportunities are advertised on the website
- What methods were used during the review period to ensure Title VI related contract agreements were adhered to? The Title VI Consultant Compliance Review Form

C. Upcoming Year

- Describe plans for the upcoming year, including any significant problem areas to focus on and plans for approaching them.

  We will continue to utilize the OMWBE website as well as the WEBS in addition to our usual advertising. Next year will be the final year we will be using the last procurement procedure for our administrative contracts and will be going out to bid in FY13. We are looking into utilizing current minority business organizations for additional outreach in expanding our DBE participation. One problem that we see frequently is consultants who do not take the steps to be certified as a DBE business therefore are unable to count towards our goals.

7. Education & Training: Accomplishment Report and Update

A. Monitoring and Review Process

- Describe the actions taken to promote Title VI compliance regarding education and trainings, including monitoring and review processes, and their outcomes or status.

  Employees are encouraged to take classes, training or attend conferences and seminars that are related to their work and necessary for their positions. The Education and Training opportunities are based on first come first served and based on the education budget for the fiscal year. PSRC has been able to support staff’s requests for classes and training.
B. Staff Responsible for Coordinating Training

- Identify staff by job title, ethnicity, and sex responsible for selecting which employees receive training.

C. Complaints

- Were there any civil rights complaints filed with the state concerning training and educational opportunities?
- If so, what corrective actions has the state taken? Provide a summary of concerns raised, complaints filed, status, etc.

No Complaints

D. NHI Training

- List the NHI sponsored programs attended by Regional Council staff. Provide a list of participants by job title.

None
E. Title VI Training

- Was any Title VI training information provided by WSDOT during the reporting period?
- If so, how did the Regional Council assist WSDOT in the distribution of information on these training programs?
- If applicable, how many participants attended trainings? What was the subject of the trainings? Provide the job titles and Title VI roles, if applicable, of attendees.
- Was any other civil rights training conducted?
- If so, what type of training (course content)? Provide a list of participants by job title and Title VI role, if applicable.

A. Upcoming Year:

- Describe plans for the upcoming year, including any significant problem areas to focus on and plans for approaching them.

In FY12, PSRC continued to encourage and support staff to attend conferences, seminars and enroll in training classes that are related to their positions which would help them in their work. There haven't been any significant problems in this area.
