

Puget Sound Regional Council

Agenda: Regional Open Space Conservation Plan Advisory Committee

April 14, 2026, 2:30 p.m. - 4:00 p.m.

Online: <https://teams.microsoft.com/meet/25855840202269?p=iTGEthejsphMSVnZXt>

2:30 Welcome – Paul Inghram, PSRC Director of Growth Management, and Kelly Jiang, Committee Chair, City of Issaquah Councilmember, and Leafline Trails Coalition Board Chair

2:40 Introductions – All

Name, organization, what you work on, and your favorite but most underrated open space or park

3:00 Overview of the Regional Open Space Conservation Plan – Erika Harris, PSRC

Overview of the [2018 Regional Open Space Conservation Plan](#), [2024 Trends Report](#), and update process. Group discussion:

- What in the plan could be improved? What new topics or analyses should be included in the update?
- How could the plan more thoroughly address equity?
- Do you have any suggestions for engagement for the plan update or subject matter experts to interview?

3:20 Mapping the Regional Open Space Network and Conservation Needs – Drew Hanson, PSRC

Overview of the criteria and data for mapping and analysis in the plan. If you have time, please review the [draft presentation](#) before the meeting and bring input from subject matter experts you work with (or ideas for following up). Group discussion:

- Should any other criteria and data sources be considered?
- What are additional data sources to identify conservation progress or losses?

3:45 Access to Open Space – Katie Enders, PSRC

Overview of potential new and expanded topics to include in the Access to Open Space chapter. Group discussion:

- Do you have feedback on the suggested topics? Are there any topics missing that should be considered?
- What recent examples or case studies related to these topics come to mind?

4:00 Adjourn
