RARET

Regional Alliance for Resilient and Equitable Transportation

WSDOT Consolidated Grant Presentation

October 21st, 2026

Heather Clark, Program Manager of Mobility Coalitions

Staci Sahoo, Director, Mobility Management

Scope of Work

Sustain project: Increase the life-sustaining transportation services available to specialized populations during an emergency in the Central Puget Sound region.

Coalition Building

Gaps analysis/evaluation

Preparedness/trainings

Resource Identification

Coordination/pilot strategies

Communication

Why?

- 2013 UASI Conference → RARET formation
- WSDOT Consolidated Grant recipient since 2015
- Unique challenges created by adverse weather, pandemics, emergencies, etc.
- Need to fill gaps through cross-sector coordination between mobility managers, emergency managers, first responders, human service agencies, etc.
    - *Reduce burden on these systems*

Past Performance

FY24-25

- Launched ETPN pilot project – 8 providers.
- Initiated the ETPN field trip series.
- Coordinated and facilitated a minimum of one tabletop exercise each year, involving King, Snohomish, and Pierce counties, focusing on seismic events, flooding, and wildfire.
- Reached more than 250 participants across 12 workgroup meetings
- Produced a Flooding After Action Report.
- Organized winter coordination calls with KCRHA to address life-sustaining transportation needs for unhoused individuals needing shelter. As a result, a service was stood up to support this need.

Future Performance Targets

- 90% of requests for assistance will be successfully matched with appropriate resources during emergencies or adverse weather.
- Complete at least 6 coordination events (outside regular workgroup meetings) per biennium, reaching at least 60 individuals annually.
- Hold at least 10 workgroup meetings with at least 20 participants per meeting.
- Include at least 27 unique agencies in workgroup meeting spaces.
- Include at least 2 AFN experts on the RARET Steering Committee.
- Include at least 4 unique agencies that work with AFN populations in workgroup meeting spaces.
- Increase number of ETPN providers to 15-25.

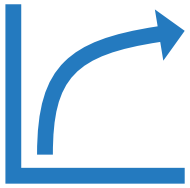

Agencies in our coalition spaces

Over 35 unique agency partnerships

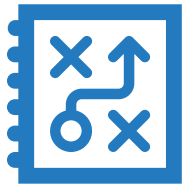

- Pierce County Coordinated Transportation Coalition
- Snohomish County Transportation Coalition
- Snohomish County Human Services
- King County Emergency Management
- Pierce County Emergency Management
