### VISION Consistency Tool for Local Comprehensive Plans

Note: The tool shown here is for illustrative purposes. To fill out the tool, visit [www.psrc.org/our-work/plan-review](http://www.psrc.org/our-work/plan-review).

This tool is intended to help cities and counties integrate VISION 2050 into their local comprehensive plans. VISION 2050's multicounty planning policies serve as the adopted regional guidelines and principles required in state law to guide both regional and local planning. The tool also identifies transportation planning requirements of the Growth Management Act (GMA). The tool may be used at various times in the local planning process:

**Plan Update Scoping:** Use checklist items as guidance for scoping the extent of plan element updates. New or expanded issue areas in VISION 2050 are identified to support this process.

**Draft Plan Review:** Submit draft plans to PSRC prior to Planning Commission and Council review. Completing and submitting this tool and providing early drafts to PSRC help identify potential consistency issues early in the process.

**Certification Review:** Along with the adopted plan, the tool will assist in PSRC's review of the plan. Demonstrating inclusion of the necessary information in the checklist helps facilitate certification. *Note: The PSRC Executive Board is the final decision-making body for plan certification.*

**Regional Collaboration:** The tool provides cities and counties an opportunity to highlight innovative policies and programs. This jurisdiction as they apply for planning grants and awards.

#### Regional Collaboration

The plan supports **collaboration for a healthy environment, thriving communities, and opportunities for all**, including coordination with other jurisdictions and agencies, tribes, ports, military installations, and adjacent regions.

Policies and programs should:

Support regional collaboration	Page/Policy Reference
✓ Include a statement about how the plan relates to countywide planning policies, VISION 2050, and planning requirements of the Growth Management Act	
⊕ Coordinate with other jurisdictions, agencies, tribes, ports, military installations, special purpose districts, and adjacent regions (RCW 36.70A.070(6)(a)(v), MPP-RC-1, RC-4-5)	
⊕ Prioritize services and access to opportunity for people of color, people with low incomes, and historically underserved communities to ensure all people can attain the resources and opportunities to improve quality of life and address past inequities (MPP-RC-2)	
⊕ Address land use, transportation, and housing opportunities and challenges related to military installations, when applicable (MPP-RC-6)	
✓ Prioritize investments in centers, including regional centers, countywide centers, high-capacity transit areas with a station area plan, and other local centers (MPP-RC-8-9)	
✓ Explore funding sources, changes to regulatory, pricing, taxing, and expenditure practices, and other fiscal tools to meet infrastructure and other needs (MPP-RC-10-11, RC-Action-7, RC-Action-9)

## Plan Review Handout

### Plan Review and Certification Program

**Implementing VISION 2050 Through Local Planning**

Long-range plans and policies are developed by the region's counties, cities, countywide planning groups, and transit agencies to help shape communities and plan for growth. PSRC reviews local plans for consistency with state law, VISION 2050, and the Regional Transportation Plan.

State law requires PSRC to review and certify countywide planning policies, local comprehensive plans, and Sound Transit's long-range plan. PSRC also certifies regional center plans and provides comments on local transit plans.

PSRC's plan review includes topics such as mobility, emissions, regional growth, housing, and intergovernmental coordination. Compared to the previous regional plan, VISION 2050 provides new and additional focus on several issues, including housing affordability, climate change, social equity, coordination with Tribal Nations and other stakeholders, and planning for high-capacity transit.

**Types of Review**

- Countywide Planning Policies
- Local Comprehensive Plans
- Regional Center Plans
- Long-Range Transit Plans

**Why certification?**

- Regional Collaboration:** Challenges such as climate change, housing affordability, congestion, and racial disparities require regional coordination. PSRC's review and certification of local plans and policies supports local governments and public agencies in addressing regional issues.
- Requirements in State Law:** Certification ensures state requirements for transportation planning are being met.
- Transportation Funding:** Certification of local comprehensive plans is required by PSRC for jurisdictions to be eligible for PSRC's federal transportation funding.

## V2050 Policy Matrix & Updates Summary

VISION 2050 Goals, Policies, and Actions Table			
The adopted goals, policies, and actions in VISION 2050 were used as a starting point for VISION 2050. The table compiles specific revisions and rationale for changes to the multicounty planning policies in VISION 2050 and translates between the policy numbering in VISION 2040 and VISION 2050. The table is organized by policy section in the plan. Amendments made by the Growth Management Policy Board or the Executive Board in response to comments are noted in the "Type/Reason of Change" column. PSRC's General Assembly adopted VISION 2050 on October 29, 2020.			
VISION 2050 Regional Collaboration Goal, Policies, and Actions			
Goal	The region plans collaboratively for a healthy environment, thriving communities, and opportunities for all		New goal: Prior chapter (General Policies) did not include a goal statement
VISION 2050	VISION 2040	Reason for Change	Update/Reason of Change
MPP-RC-1	MPP-G-1	Coordinate planning efforts among jurisdictions, agencies, and federally recognized tribes, such as adjacent regions, where there are common borders or related regional issues, to facilitate a common vision.	Coordination – change adds reference to adjacent regions; GAMPB amended in response to comment review
MPP-RC-2	n/a	Provide services and access to opportunity for people of color, people with low incomes, and historically underserved communities to ensure all people can attain the resources and opportunities to improve quality of life and address past inequities.	Equity – new policy focuses on addressing social equity; GAMPB amended in response to comment review
MPP-RC-3	n/a	Make reduction of health disparities and improvement of health outcomes across the region a priority when developing and carrying out regional, countywide, and local plans.	Health – new policy focuses on improving health outcomes; GAMPB amended in response to comment review
MPP-RC-4	n/a	Coordinate with tribes in regional and local planning, recognizing the mutual benefits and potential for impacts between growth occurring within and outside tribal boundaries.	Tribes – new policy emphasizes the need for coordination between local and regional agencies and tribes
MPP-RC-5	n/a	Consult with military installations in regional and local planning, recognizing the mutual benefits and potential for impacts between growth occurring within and outside installation boundaries.	Military – new policy emphasizes the need for coordination between local and regional agencies and the military
MPP-RC-6	n/a	Recognize the beneficial impacts of military installations as well as the land use, housing, and transportation challenges for adjacent and nearby communities.	GAMPB added in response to comment review
MPP-RC-7	MPP-DR-7, DR-10, T-12	Give funding priority – both for transportation infrastructure and for economic development – to support designated regional growth centers and manufacturing/industrial centers, consistent with the regional vision. Regional funds are prioritized to regional centers. County-level and local funding are also appropriate to priorities to regional growth centers.	Funding – change consolidates existing funding-related policies that address funding for both regional growth centers and manufacturing/industrial centers

### VISION 2050 Multicounty Planning Policies

VISION 2050's multicounty planning policies are adopted under the state's Growth Management Act. Multicounty planning policies address regionwide issues within a collaborative planning framework. Counties and cities look to multicounty planning policies to inform updates to countywide planning policies and local comprehensive plan updates. This document compiles the goals and multicounty planning policies for each chapter for quick reference. More about VISION 2050 is available at <https://www.psrc.org/vision>.
