30 responses

Resource Info – Regional + Countywides

2. Did you utilize any of PSRC's online checklists or guidance documents, including the web-based resource map and the financial constraint guidance, to assist you in completing the application?

30 responses

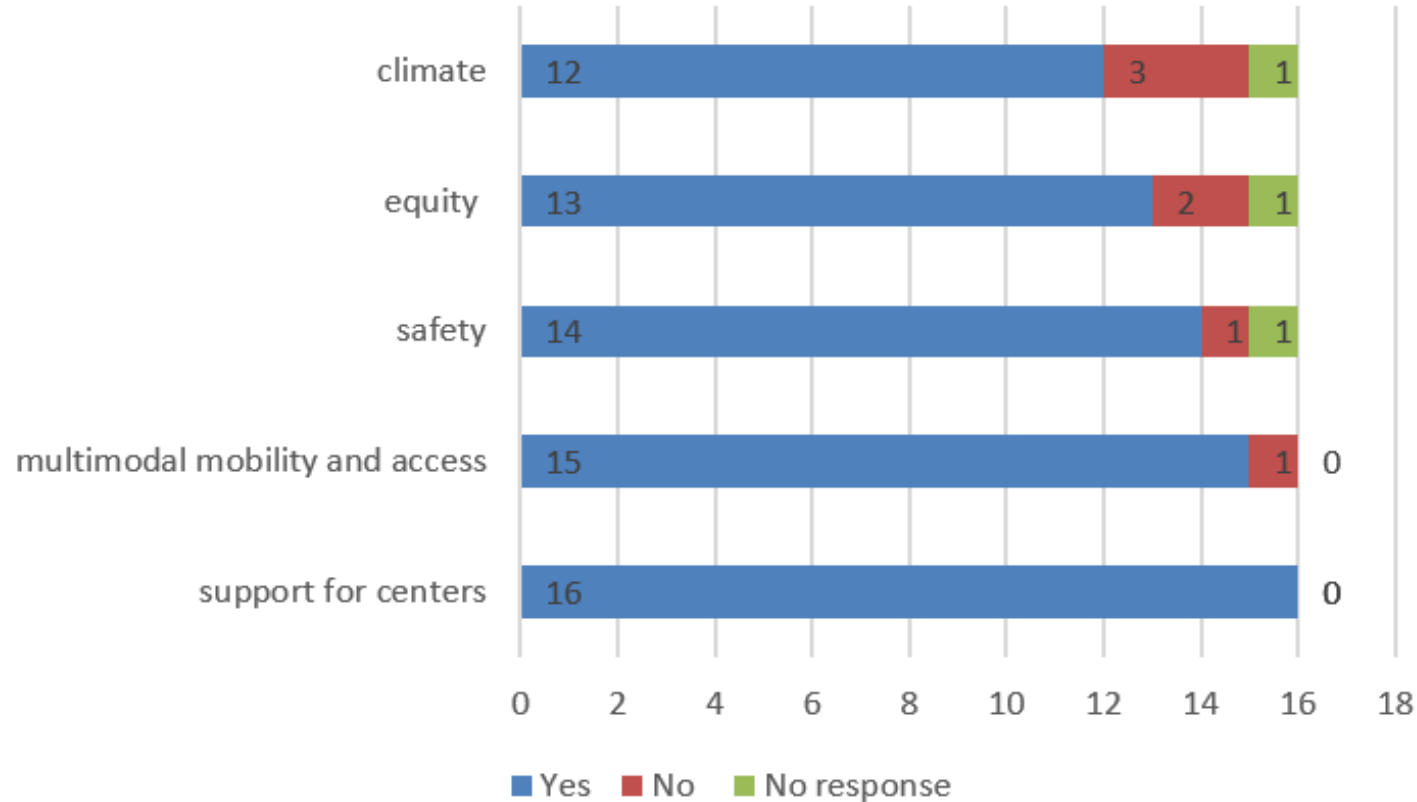

FHWA Regional Competition – evaluation process

Did you understand the regional project evaluation criteria and how your project application would be evaluated?

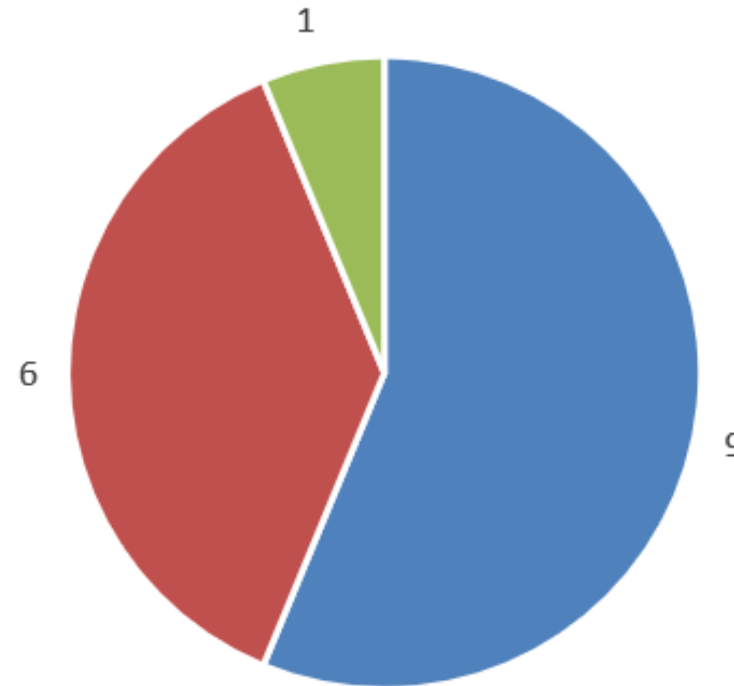

FHWA Regional Competition – policy focus areas

Do you think the project evaluation criteria appropriately address the following key policy focus areas?

FHWA Regional Competition – 2022 refinements

Did you feel that the refinements made to the criteria to more explicitly assess projects on their safety/security and equity aspects were clear and effective?

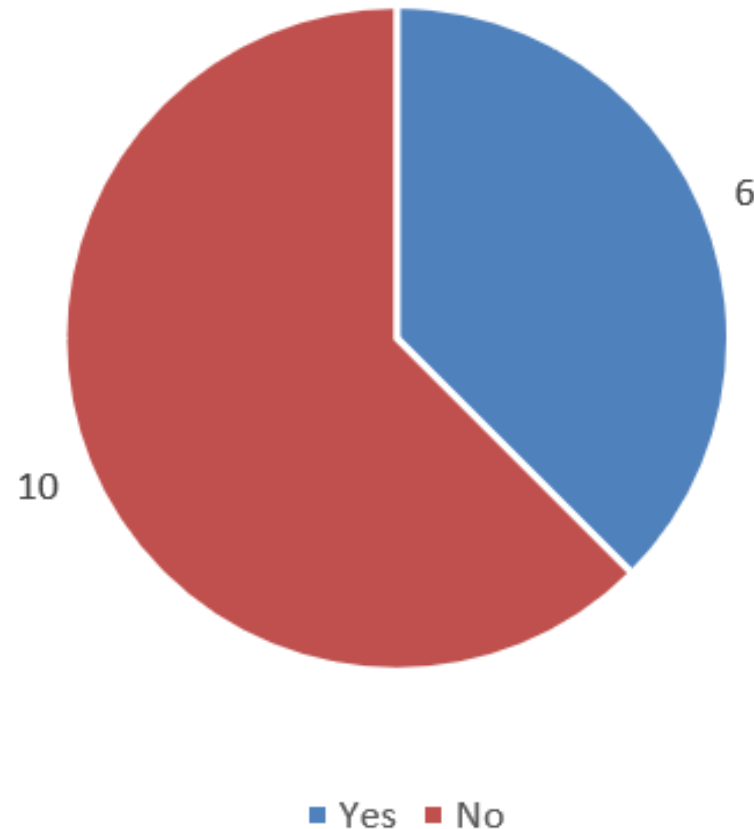

■ Yes ■ No ■ Other

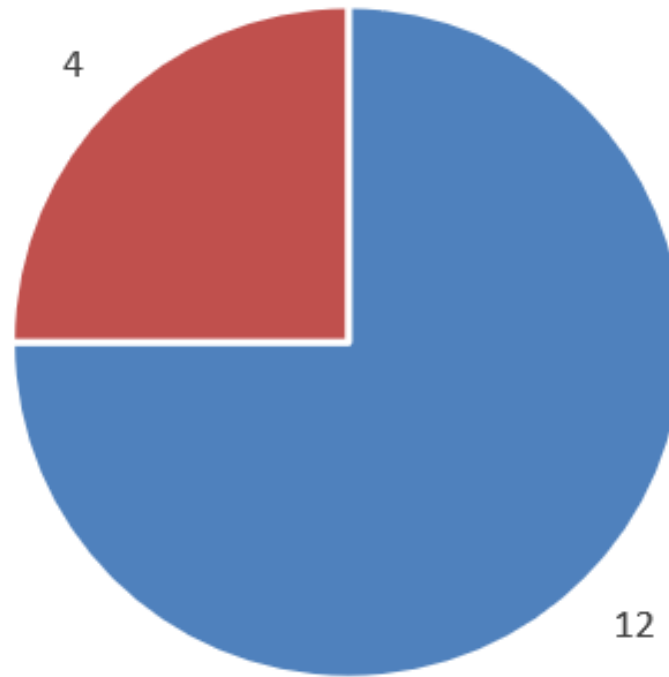

FHWA Regional Competition – impacts from updates

Did you feel there were specific impacts resulting from the updated criteria, e.g., different projects submitted or different projects selected compared to previous FHWA Regional processes?

FHWA Regional Competition – recommendation process

Do you think the recommendation process is open and transparent in terms of how the recommendation is developed?

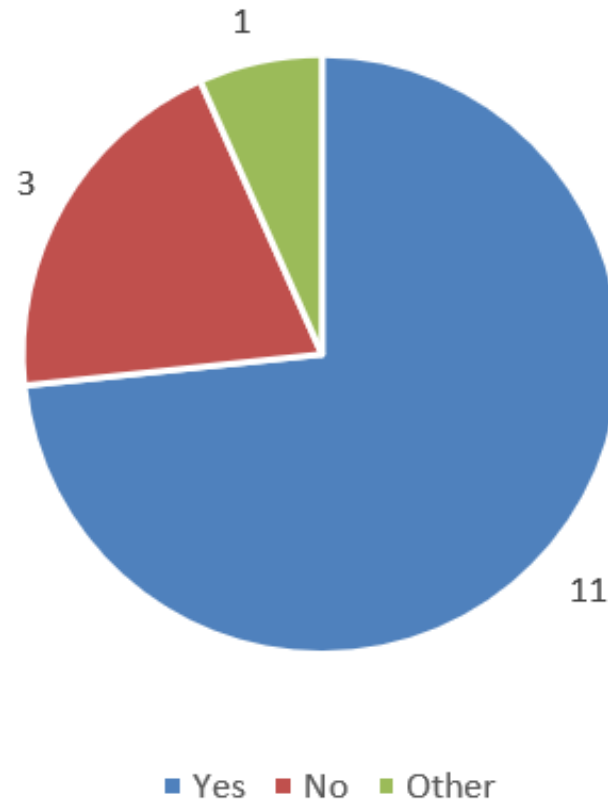

■ Yes ■ No

FHWA Regional Competition – application limits

There are a variety of elements to the regional competition, including limits on the number of applications submitted and the amount of funds that can be requested, that are in place to facilitate overall project delivery and geographic balance.

Do you feel that these limits are helping to support the region's delivery requirements?

2024 Project Selection Process

- Respondents provided a variety of comments with suggestions for the next competition
- General agreement that timing / schedule is adequate...but more time would be welcomed
- A few concerns about obtaining matching funds and inflation / rising project costs
