Today

- **Overview**
- **2021 Specialized Transportation Inventory Survey Recap**
- **Existing Efforts**
- **Discussion**
- **Next Steps**

Coordinated Mobility Plan's Inventory of Services

- Inventory of services is a **Federal and State requirement** for the Coordinated Transit-Human Services Transportation Plan.
- Inventory should describe **existing services and resources**.
- Inventory aids local planning and coordination efforts. It also helps **identify underserved areas** and **any duplication in services**.

2021 Specialized Transportation Inventory Survey

- **Online survey** conducted early 2021.
- **Comprehensive outreach** to service providers in partnership with Hopelink and mobility managers.
- **Survey elements included:**
 - Service Information (service type, hours, eligibility, base fares, contact information, etc.)
 - Service Area
 - Common Origins and Destinations
 - Mobility Needs & Goals
 - COVID Impact on Services
 - Usage Data (via Follow-up)

Existing Efforts

- Hopelink's **Find a Ride** Trip Planner
- WSDOT **GTFS-Flex** Development

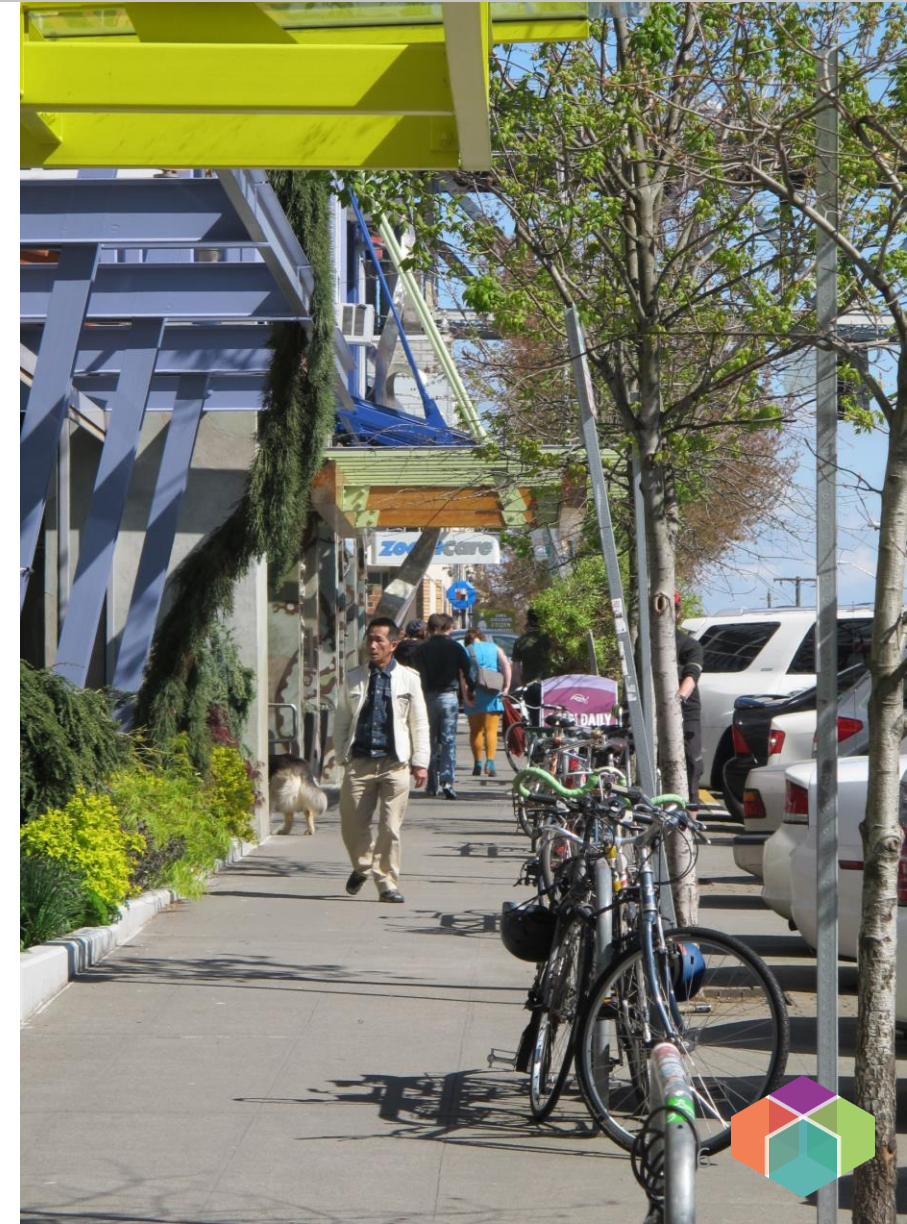

Opportunities:

- Engage and collect information from Kitsap County partners.
- Regionwide data collection to address the mobility needs of priority populations covered in the plan.
- Identify the most needed areas not well served by existing services including transit, MOD, and others.

Discussion

- **Feedback on survey elements.** The past survey collected information on service characteristics, geographic boundaries, top destinations, mobility needs/gaps, usage data, etc.
- **Methods or data need** to better articulate the gaps or highlight coordination efforts in the plan.
- **Additional resources or information** on existing transportation programs/projects available to people with mobility and accessibility needs.

Next Steps

Early 2024

- Scoping/research ([we are here](#))
- Conduct inventory survey

Spring-Summer 2024

Review survey results

Fall 2024

Perform analysis to identify service needs/gaps

2025

Develop the next Coordinated Mobility Plan
(plan adoption in 2026)

Thank You!
