Puget Sound Regional Council

Regional Project Evaluation Committee Meeting Summary

Date: March 28, 2025, from 9:30 a.m. - 11:00 a.m.

Location: Remote – Online Meeting Only (Zoom Connection)

Introductions and Announcements

Doug McCormick, Chair, welcomed everyone at 9:30 a.m. He then took roll call to confirm the members and alternates present.

Approval of Meeting Summary

The February 28, 2025, RPEC meeting summary was approved as presented.

Transportation Policy Board Debrief

Jennifer Barnes, PSRC, reviewed the Transportation Policy Board meeting held on March 13. The 'At Work' report for the Transportation Policy Board meetings are available on the PSRC website at: <https://www.psrc.org/board/transportation-policy-board>.

Discussion: Legislative Update

Kelly McGourty, PSRC, shared information on the tracking of federal and state legislative activities being led by PSRC's Director of Government Relations and Communications, Robin Koskey. She shared direction from WSDOT that projects with federal formula funds should continue to move forward and submit paperwork as early as possible. She discussed a resolution that was adopted by the Executive Board at their March meeting acknowledging the importance of transportation, acknowledging that there are major projects that need to be completed, encouraging a budget that seeks cuts where logical but maintains a sustainable transportation system. She then walked through where to find the legislative updates and other board presentations are posted, including for the [March Executive Board meeting](#), and shared a form now available on [PSRC's website](#) for local agencies to share information if they experience any delays or challenges accessing federal funding.

For more information, contact Kelly McGourty at KMcGourty@psrc.org.

Discussion: 2025 Project Delivery

Jennifer Barnes, PSRC, provided an update on the most recent efforts and current status of the region's delivery of 2025 FHWA funds. She shared information on three eligible projects recommended to receive contingency funds, and also the extension requests that are currently under review by staff, WSDOT, and the chairs of RPEC and the four countywide forums. Recommendations on contingency awards and extensions will go to the boards for approval at their April meetings. \$35 million in increased federal shares were awarded to 36 eligible projects with 2025 delivery, approved by the boards at their March meetings. She reaffirmed WSDOT's direction that sponsors submit obligation paperwork as early as possible, and that submittals late in the fiscal year cannot be guaranteed approval in time to meet the deadline. PSRC staff will continue to monitor delivery status and make adjustments as needed. If needed, any final actions in the annual rebalancing process will be brought to the boards in May or June. If anything unexpected causes a delivery gap late in the fiscal year, "emergency" measures as defined in PSRC's Project Tracking Policies would be required.

The presentation is provided on the PSRC website [here](#).

For more information, contact Jennifer Barnes at JBarnes@psrc.org.

Discussion: Call for Regional Capacity Projects

Jennifer Barnes, PSRC, provided an overview of the Call for Regional Capacity Projects, which was an abbreviated version of an online workshop held on March 25. She discussed the reasons the Regional Capacity Project list is needed, the prerequisites for submitting a project, and thresholds that define them. She then walked through the application elements and resources available to assist applicants. The Call was released on March 24 and is open for four weeks until April 18. PSRC staff and board review of the submitted projects is planned April through June, and modeling and analysis is planned from June through September. The Regional Capacity Projects will be included in the 2026 Regional Transportation Plan, scheduled for the public review draft to be released in December 2025, and the final plan adopted in May 2026.

The presentation is provided on the PSRC website [here](#).

For more information, contact Jennifer Barnes at JBarnes@psrc.org.

Discussion: Regional Safety Action Plan

Kelly McGourty, PSRC, provided an update on the work happening on the Regional Safety Action Plan. The draft was released for public comment from January 9 through February 14, with outreach conducted through board and committee presentations, PSRC and member newsletters, social media, and direct email to interest parties. 62 commentors, distributed throughout the region, provided a total of 203 comments. The most common themes from individual commentors were related to engineering &

infrastructure, driver awareness, implementation, and enforcement. The most common themes from member jurisdictions were related to engineering & infrastructure, implementation, and data. She shared the staff proposals developed for board review, which include recommended elements to be included in future work programs; language recognizing local and state safety planning and High Injury Networks; discussion of issues with impairment data and potential for underreporting; discussion of unique needs of freight corridors and areas in applying safety strategies; and incorporation into project selection policy framework and RTP consistency review criteria. Updates will be brought to the April board meetings, and the final plan adopted at the General Assembly in May.

The presentation is provided on the PSRC website [here](#).

For more information, contact Kelly McGourty at McGourty@psrc.org.

Rev. 3/2025

2025 REGIONAL HOUSEHOLD TRAVEL SURVEY

PSRC's Household Travel Survey gathers day-to-day information from households in the central Puget Sound region: how we travel, where we go, how long it takes us – even where we choose to live and whether we get home deliveries. The data helps communities throughout the region plan for transportation improvements, new housing and job growth.

The data collection for the 2025 survey is underway through June. PSRC is partnering with Pierce County this year.

The survey is only open to people who receive invitations in the mail. Please take part if you receive one and encourage community members to participate.
