#### REPORT OF THE CHAIR

Mayor Ralph reminded the board that the important Regional Transportation Plan discussion today will lead to an action in October.

## **DIRECTOR'S REPORT**

Kelly McGourty, PSRC, shared information with the board on the first of six Regional Transportation Plan public meetings that was held in Seattle on September 4. Ms. McGourty also informed the board of the 'Week without Driving' initiative that will occur at the end of the month. She then drew the board's attention to a redistribution of funds between King County Metro and the Washington State Ferries on the consent agenda, which is a legislatively directed pilot exchange. Lastly, she briefly noted the upcoming call for projects for the Rural Towns Centers and Corridors program and the Transportation Alternates Program. Ms. McGourty indicated that agencies who have not yet received comprehensive plan certification would be eligible to apply to these competitions, but certification must be received by the time funds are awarded to projects.

Robin Koskey, PSRC, provided an update on the federal budget process. Ms. Koskey then shared information on a Washington State Ferry and Eagle Harbor Maintenance Facility tour conducted in August.

### **CONSENT AGENDA**

- a. Approve Minutes of Transportation Policy Board Meeting held July 10, 2025
- b. Routine Amendment to the 2025-2028 Transportation Improvement Program (TIP)
- c. Recommend Certification of Comprehensive Plans for Bremerton, Buckley, Everett, Fife, Poulsbo, Tacoma, Tukwila and Woodinville
- d. Recommend Conditional Certification of Comprehensive Plans for Snoqualmie and Kitsap County

<u>ACTION</u>: The motion was made and seconded (Mayhew/Saka) to adopt the Consent Agenda. The motion passed.

# DISCUSSION ITEM: REGIONAL TRANSPORTATION PLAN SCENARIO ANALYSIS RESULTS

Kelly McGourty, PSRC, reviewed with the board the four plan scenarios that were moved into analysis over the summer, containing different levels of investments and new revenues through 2050. Craig Helmann, PSRC, then reviewed the results of the analysis for several key performance metrics.

Board members discussed the scenarios and the comparison of impacts, investment levels and need for new revenue for each. Questions were raised related to equity impacts, access to transit, and how the RTP may influence PSRC's project selection process. WSDOT staff informed the board that a correction is requested to the start year for the Thorne Lane Core HOV project, which would move the project into Scenarios 2A and 2B.

Responding to a poll, board members indicated a preference for Scenario 2B with a focus on maintenance and transit. Action will be requested by the board on a final scenario in October.

## DISCUSSION ITEM: REGIONAL TRANSPORTATION PLAN DEVELOPMENT APPROACH AND SCHEDULE

Kelly McGourty, PSRC, reviewed the upcoming work for development of the RTP. Activities include briefings on key elements of the plan such as climate, further discussion of the financial strategy, and briefings on the six regional public meetings and other outreach activities. The board will also review additional details of the future transportation system and discuss potential action items for the new plan. In December, the board will be asked to authorize the release of the draft RTP for public comment.

Ms. McGourty described new elements and approaches for the next RTP, including staff proposals for improving the plan document and sharing information in a more readable and user friendly way.

## **NEXT MEETING**

The next meeting is scheduled for October 9, 2025.

### **ADJOURN**

The meeting was adjourned at 11:32 a.m.
