19. As you may know, planning organizations at the local, county, and state levels are looking at transportation and people's needs. As a further part of this study, we are putting together a panel of households in King, Kitsap, Pierce, and Snohomish counties. The transportation patterns of the members of panel households will be studied over time. The information will be used in planning for highway systems, transit systems, the state ferry system, and local roads.

It is important that the panel be truly representative across the Puget Sound area. We would like to include your household. PAUSE FOR RESPONSE.

As a first step, all household members, age fifteen and older, will be asked to keep a record of local trips for two days. Actually, a lot of people find it kind of interesting to see where they really do go! PAUSE FOR RESPONSE.

Once or twice a year, panel households may be recontacted. It may be to learn more about the household members or update the information and to find out if people have made any changes. Would you be willing to be a Puget Sound Transportation Panel household?

*IF NEEDED:* That's what we do need -- people with all types of activity, from a lot to a very little. It is important that we do include people like yourself.
