Pedestrian and Bicycle Work Program

Bicycle and Pedestrian Advisory Committee

11/10/2026

Puget Sound Regional Council

What we will cover in this presentation

- Major ped/bike work products and other ped/bike work
- High-level timeline for the work program with information on committee touchpoints
- Exploratory/new work being considered by PSRC staff

Major Work Products

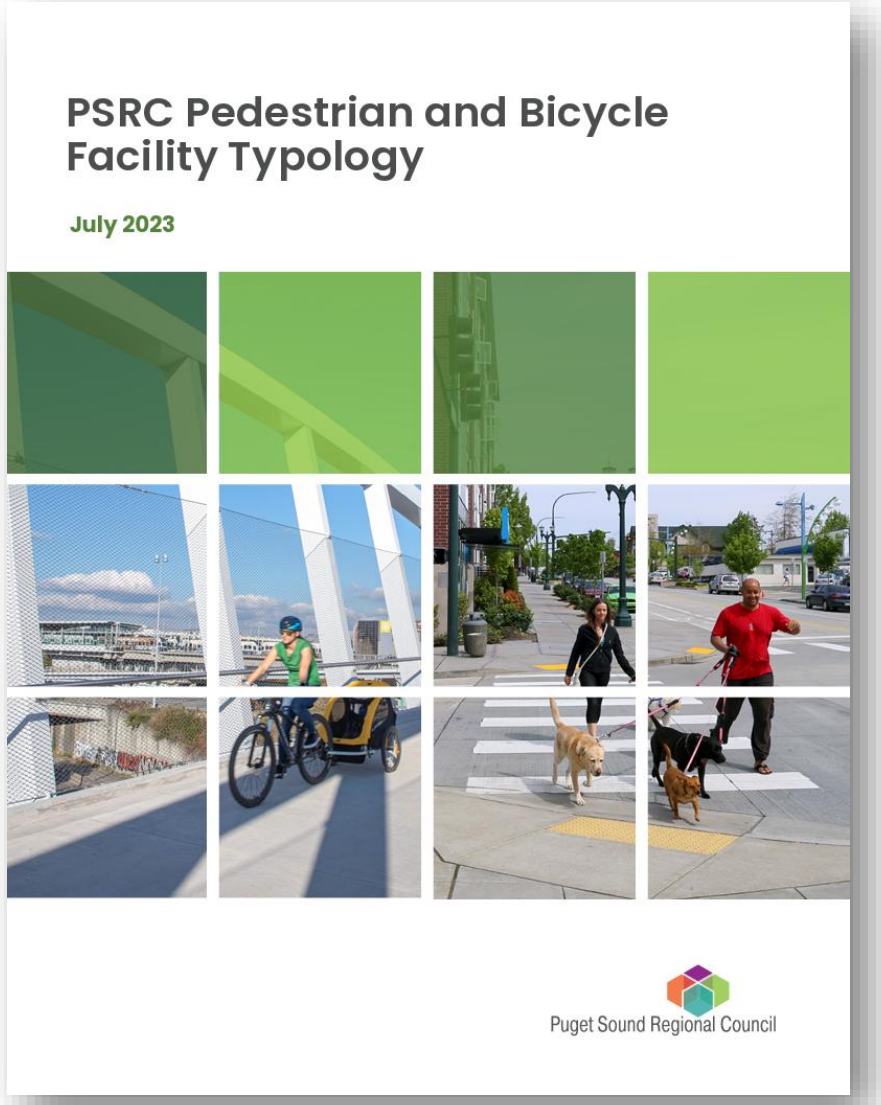

- Update of the Ped/Bike Facility Typology
- Update of the Ped/Bike Facility Inventory
- Analysis of the Inventory and RTP Development

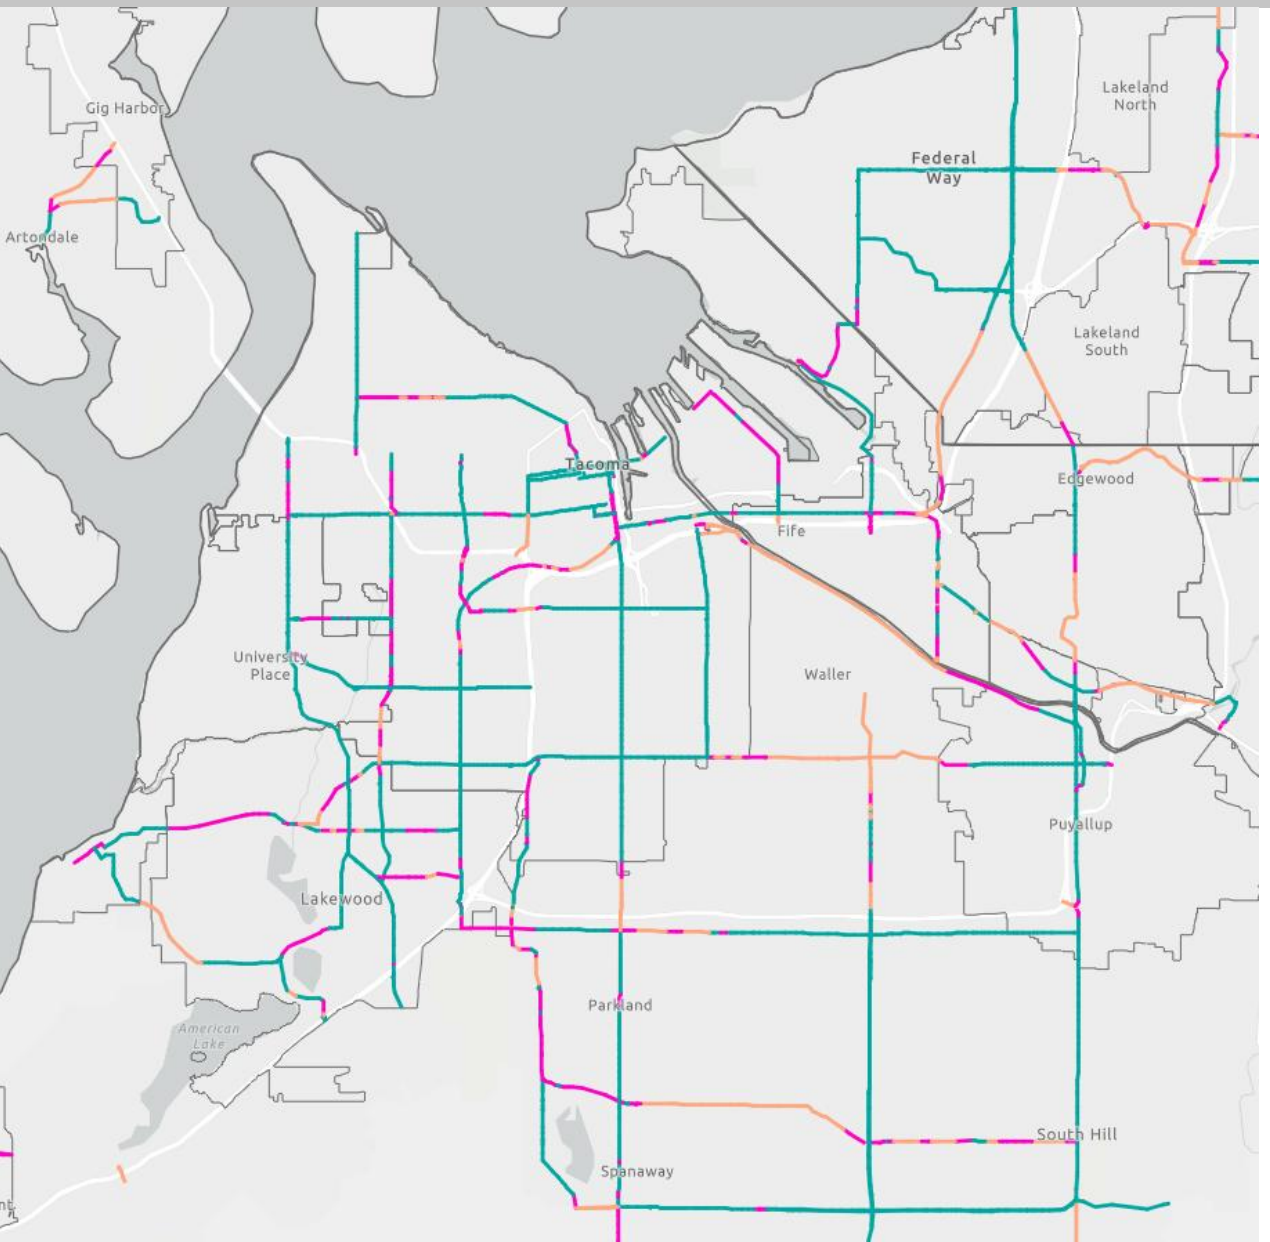

Ped/Bike Typology Update

November 2026 – March/May 2027

- Update definitions and contextual design guidance
- Use available guidance from NAACTO, AASHTO, FHWA, WSDOT, and other sources
- Address outstanding issues such as paved shoulders, on-street trail connectors, etc.
- Gather feedback from BPAC on proposed changes

Ped/Bike Facility Inventory Update

Prep in 2027 – Collection in 2028

- Maintain the scope of the 2023 Inventory
  - Arterials and SUPs
  - Completeness
  - Facility type
- Explore including sidewalk width as an attribute
- Develop an improved interactive web map to gather edits from local jurisdictions

Analysis of Facility Inventory and HTS Metrics

Continue to report out on the metrics we have previously

- Facility mileage and coverage by geography
- Facilities on the High Injury Network (HIN)
- Pedestrian and bicycle level of traffic stress (LTS)
- Improve the gap analysis
- Household travel survey (HTS) metrics

Example of HTS Mode Share Metric:

Table 17: Mode Share for All Trips by Geography

Geography	Walk	Bike
Region	20%	2%
King County	23%	2%
Kitsap County	17%	1%
Pierce County	18%	2%
Snohomish County	16%	2%
Regional Growth Center	52%	3%
Core Cities	17%	2%
HCT Communities	13%	2%
Metropolitan Cities	33%	3%
Cities and Towns	12%	1%
Rural Areas	6%	1%
Urban Unincorporated Areas	10%	1%

Other Planned Work

- Update of the ADA Transition Plan Inventory
- Develop implementation considerations/guidance for emerging topics (e.g., e-motos)
- Explore updating the PSRC bike counter inventory
