Business Administration, B.A.

Poulsbo

Prepare for leadership roles in business and community by gaining necessary skills and knowledge through small class sizes and primarily face-to-face instruction.

The Western College of Business and Economics is accredited by the Association to Advance Collegiate Schools of Business (AACSB), an accreditation that assures students, parents, organizations and faculty that the College provides a quality education, and is led by faculty experts in their fields.

Computer and Information Systems Security (CISS), B.S.

Poulsbo

Secure your future with a program that prepares individuals to fill the urgent need for trained personnel in the growing field of cybersecurity.

Educational Leadership*

Bremerton

Pursue your passion for making a difference in your community by preparing for a career in school or district leadership. Western offers three programs focused on educational leadership including a Masters in Educational Administration, Residency Principal Certification, and Superintendent Certification.

*Various programs available.

Environmental Policy, B.A.

Poulsbo, Port Angeles

Prepare yourself to enter professional fields concerned with sustainability of the human and natural environment. Students in the Environmental Policy program will experience in-depth study of public policy development, environmental law and methods, and processes of policy decision making.

Environmental Science, B.S.

Poulsbo, Port Angeles

Acquire scientific and problem-solving skills needed to conserve and restore the natural environment. Students pursuing an environmental science degree will investigate physical, chemical, biological and quantitative aspects of natural systems.

Multidisciplinary Studies, B.A.

Poulsbo

This major is designed for students who want to tailor their academic studies to their interests. Students develop a personalized plan of study to prepare for opportunities in a variety of professions.

Teacher Education*

Bremerton

Teacher education programs that prepare current and future educators to meet the demands of the 21st century. Western offers multiple programs including:

- B.A. in Education with Special Education major, Residency Teacher Certification and Endorsement in Elementary Education. Additional Special Education Endorsement option available
- Post-baccalaureate and residency Teacher Certificate in Elementary Education for candidates with an approved Bachelor's Degree
- Elementary and Special Education Endorsements for certified teachers

Additional Educational Options

Human Services, B.A.

Distance / Online

This online program is for students seeking a profession that addresses human needs and promotes making a difference in others' lives. Gain access to active, involved and available faculty who are national leaders in human services education. Enjoy a collaborative environment as you progress through the program with a cohort of classmates and instructors.

Teaching English to Speakers of Other Languages (TESOL), Certificate

Distance / Online

Western's interdisciplinary TESOL Certificate Program is designed to provide training in linguistics, grammar, second language acquisition, and methodology. Participants receive hands-on experience with language learners, culminating in a mentored teaching practicum, which students can complete in their home community or internationally.

WesternOnline

Distance / Online

Flexibility and convenience are the operative words for students looking for a variety of courses and programs delivered year-round to accommodate the demands of a busy schedule. Over 100 courses in two formats available.

Community-based Programs (non-credit)

Academy for Lifelong Learning

The Greater Poulsbo Area

Learn for the joy of it in classes focused on adult learners inspired by a belief that a curious mind never retires. With no homework, tests or grades, courses encourage discussion and an exchange of knowledge and ideas.

SEA Discovery Center

Poulsbo

The SEA Discovery Center is a learning facility and aquarium located on the Poulsbo waterfront. The Center promotes lifelong learning and appreciation for the local marine environment by providing science education with hands-on learning and conservation. Visitors of all ages are welcome to discover SEA (Science Education Aquarium).

Youth Programs (Summer)

Poulsbo

Western's Youth Programs in Poulsbo offers the opportunity for students K-9 to explore science and art through hands-on learning at the SEA Discovery Center. Taught by highly regarded educators, all courses are designed to engage students through interactive activities that foster success in a fun, inquiry-based learning environment.

Educational Opportunities for All Ages

About Us

Western Washington University offers a variety of degree programs, community-based (non-credit) opportunities available through the Academy for Lifelong Learning as well as programs for youth grades K-9 at the SEA Discovery Center learning facility and aquarium.

Why Western?

- Peninsula residents can complete their bachelor's degree without relocating
- The same high quality instruction and rigorous academic standards as on Western's Bellingham campus
- Small campus and small class sizes create the ideal environment with increased student-faculty interaction
- Welcoming environment
- Academic advisors who are genuinely concerned about the success of each student
- Full-time tenured faculty and highly qualified adjunct faculty

Partners in Higher Education

Olympic College - Bremerton

Olympic College - Poulsbo

Peninsula College - Port Angeles

Our work has been advanced through partnerships with Olympic and Peninsula Colleges. By maximizing the strengths of two community colleges and a university, educational and professional pathways have been created, so residents can complete a Bachelor's degree on the Peninsulas.

From high school students completing the Running Start program to working adults looking to advance their education, options are available close to home.
