Milton Comprehensive Plan Certification
Growth Management Policy Board • March 1, 2018
At issue: Inconsistency between the anticipated growth included in the land use and transportation elements of the plan.

Resolution: Plan amended for consistency in the amount of growth to occur over the 20-year planning period and clearer consistency with the GMA and countywide targets for King and Pierce counties.
The Growth Management and Transportation Policy Board recommend that the Executive Board certify that the transportation-related provisions of the comprehensive plans, as amended in 2017, are consistent with the multicounty planning policies and the regional transportation plan and conform to the Growth Management requirements for transportation planning for Milton.
