The region’s growth strategy and long range vision
VISION 2050 Work Program

- **2017**: Early work
- **2018**: Scoping, research, planning
- **2019**: SEPA review, draft plan
- **2020**: Adoption

**45-day comment period**
- Feb 2-March 19

**Approve project scope in May**
What is a scoping notice?

- Public notice of intent to update VISION 2040
- Seeks public input on the scope of the project
- SEPA determination and scoping for environmental review
Scoping questions

- What issues should be considered for environmental review?
- What regional issues should the plan address?
- What information should guide the update?
- How should the region’s growth strategy be updated to plan for 2050?
Outreach for the scoping process includes:

- 45-day comment period thru March 19
- Scoping listening sessions
- March 1 GMPB – opportunity for oral comment
- Countywide forum and regional committee briefings
- Website
- Public notice and announcements
