

# TOOLBOX

## PEER NETWORKING SERIES

The TOOLBOX Peer Networking Series, a series focused on best practices and resources for local planning and implementation, will feature quarterly three-hour work sessions to provide an opportunity to explore topics in more depth in 2019. Each work session will provide information, resources, and tools and include a panel presentation and breakout discussions. Three CM credits will be offered for each work session for in-person attendees.

save the dates
